

Job Summary:

The job of Rehabilitation Specialist Case Manager was established for the purpose/s of providing supportive and direct services to high-risk children with behavior problems and severe mental illness. In order to meet the needs of children, a flexible work schedule including some evenings and weekend work may be required.

Essential Functions:

- ▶ Assesses/Recommends children for a lower level of care for the purpose of providing effective treatment plans for all children.
- ▶ Assists with the coordination of treatment including the development of specialized resources, referrals and transportation to treatment providers and specialized services for the purpose of ensuring that each child is provided with the specialized services required to assist in their treatment plan.
- ▶ Assists/Coordinates medical follow-up for children with concurrent medical conditions under the supervision of clinical, medical, or nursing staff for the purpose of assisting children with their medical care requirements to ensure consistent treatment on various levels of medical needs.
- ▶ Assists/Participates in crisis intervention services over the phone or in the field for the purpose of providing mental health treatment in the most severe cases to assist in child's needs.
- ▶ Coordinates/Arranges children's residential placements for the purpose of ensuring safety and essential housing for children.
- ▶ Develops/Implements/Monitors intensive long and short-term treatment plans for the purpose of maintaining current level of functioning, or improving or restoring individual, family, school and community functioning.
- ▶ Develops/Plans/Conducts presentations for the purpose of educating others to understand the steps necessary for the management of behavior intervention and the implementation of treatment plans.
- ▶ Documents child's progress to maintain a permanent record of child's stability and progress for the purpose of documenting regimen of treatment and the effectiveness of the treatment plan for current and future treatment.
- ▶ Implements/Maintains/Continues case management services of a complex caseload over extended periods of time for various levels of care using applied behavioral analysis strategies for the purpose of continuing treatment to various children ensuring the best care is provided.
- ▶ Manages complex cases involving unstable children in the most difficult behavioral and mental health areas for the purpose of carrying out treatment plans based on individualized needs of the child.
- ▶ Monitors child's stability in various aspects of school, home and community functioning for the purpose of providing effective treatment plans based on individualized needs of the child.
- ▶ Prepares/Maintains concise case records, case narratives, data collection and documentation for the purpose of documenting and assisting in evaluating the progress of ongoing behavioral and mental health treatment and providing information that may be requested by other entities.
- ▶ Provides detailed reports for children for the purpose of providing mental health information to the schools, courts and/or other legal entities.
- ▶ Provides intensive and/or targeted case management and rehabilitative services using applied behavior intervention strategies for the purpose of assisting children in behavior intervention and mental stability.

Skills, Knowledge and/or Abilities Required:

- ▶ **Skills to:**
 - implement interventions using applied behavior analysis strategies;
 - manage a complex caseload of high-need, mentally ill children;
 - assist in the development, implementation and monitoring of treatment plans for complex cases;
