2017-20 Plan Summary

THE STORY

Briefly describe the students and community and how the LEA serves them.

Summit Charter Academy is a dependent Charter of Burton School District. It is a K-12 Charter that is located in Porterville CA. The Charter serves a total of approximately 1,900 students located at 2 elementary schools and 1 middle school/high school. The demographic makeup of the district is as follows: 69.1% Hispanic, 25% White, 1.4% Asian, 1.5% Filipino, 1.7% American Indian, with remaining 1.3% being other races. The district also serves a significant population of English Learners, 21.7% of students and students classified as Socioeconomically Disadvantaged, 65.6% of students. These student groups along with all others are served by highly qualified teachers in an elementary school setting until 6th grade at which point they are transferred to our middle school/high school for grades 7-12. During their 13 years enrolled in Summit students will be able to experience a robust academic program that builds their academic abilities while being in an environment that also focuses on the whole child..

LCAP HIGHLIGHTS

Identify and briefly summarize the key features of this year's LCAP.

This year's key components of the LCAP include retaining highly qualified certificated and classified instructional staff, retaining full time Vice Principals at each school site to support classroom instruction and a positive school climate. Additionally this year LCAP helps further increase the inclusion of technology and curriculum into the classroom environment to support the 1:World Board Goal and increase the academic achievement of our students.

REVIEW OF PERFORMANCE

Based on a review of performance on the state indicators and local performance indicators included in the LCFF Evaluation Rubrics, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

GREATEST PROGRESS

According to the data presented in the CA school Dashboard our area of greatest progress is in the area of suspension rate. According to the dashboard the overall district data dropped, as desired. However, given that the data is not up to date data we believe that we have further dropped these rates and will continue implementation of the items that led to these drops.

Referring to the LCFF Evaluation Rubrics, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

GREATEST NEEDS

According to the data presented in the CA school Dashboard our area of greatest is English Learner Progress. This is an area the district has continued to work on improving. The district will continue to focus on improving the progress of EL students through the hiring of an ELA/ELD coordinator and continued professional development services to the teaching staff across the district.

Referring to the LCFF Evaluation Rubrics, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

PERFORMANCE GAPS

The performance gap that appears for the district is in three areas with one student group. The student group is students with disabilities and the two areas are ELA Performance and Math Performance. These two areas all show up 2 levels lower than the overall. The district will continue to implement a number of strategies to improve these rates and believes that with the continued focus on early intervention and school climate that improvement will be shown in the new release of data in the fall of 2017.

INCREASED OR IMPROVED SERVICES

If not previously addressed, identify the two to three most significant ways that the LEA will increase or improve services for low-income students, English learners, and foster youth.

The improved and increased services that will benefit these student groups the most are the early intervention, increased technology as a resource and increased teacher retention. These three areas will contribute to long term student success and achievement.

BUDGET SUMMARY

Complete the table below. LEAs may include additional information or more detail, including graphics.

DESCRIPTION	AMOUNT
Total General Fund Budget Expenditures for LCAP Year	\$15,711,833
Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for LCAP Year	\$2,624,516

The LCAP is intended to be a comprehensive planning tool but may not describe all General Fund Budget Expenditures. Briefly describe any of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP.

Other items included in the general fund that help support the implementation of LCAP include supporting the necessary staffing and supplies to run a school efficiently. Some examples of these expenditures include Teaching staff, Administrative Staff, support staff, supplies, and the other expenditures necessary to run the day to day necessities (Power, Water, etc.) of a school environment.

ANALYSIS

Complete a copy of the following table for each of the LEA’s goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.	Overall the actions of Goal 1 were implemented to almost full completion. The district was able to maintain staff, have a SRO available, meaningfully involve parents, increase attendance and maintain clean and safe facilities.
Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.	Through the implementation of this goal the district has been able to better maintain both classified and certificated staff members. This retention of certificated staff has resulted in a more experienced and better trained staff and resulted in a 90% staff retention rate. In addition to this through this goal the district has been able to create incentives for students for attendance and increase overall attendance rates by over .5%.. Furthermore through the maintenance of classified instructional support staff, classrooms have additional staffing that otherwise wouldn’t be present. The maintenance of support staff and the implementation of in school suspension & Saturday School. Although suspension rate increased overall this is due to the inclusion of in school suspension into these numbers. Continuation of School Resource Officer, Vice Principal & support staff is continuing to reshape culture and climate on campus as demonstrated by parent satisfaction. These things combined resulted in an overall increase in student attendance.
Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.	The main differences between estimated and actual expenditures were the inclusion of the full cost of the Middle School Counselor and the shifting of some of the expenditures to other actions as they were deemed more appropriate to fall under those actions.
Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.	As a result of the analysis of the data from 2016-2017 the district has made the following changes to the 2017-2018 LCAP. Continuation of the school counselor but inclusion of the full cost Continuation of Saturday School, In-School Suspension, Psychologist, Vice Principals. Include the cost of Subs for instructional support staff to ensure that those positions are fully covered Begin shift of Action 1.1 services to activities such as professional development as staffing has begun to stabilize Further increase spending on Parent & Community engagement (Action 1.3)

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Overall the district has worked hard on implementing the intervention programs and technology rollout. The majority of the actions and services listed in Goal 2 were completed. The most significant piece of this was the addition of the Mentor Teachers to the campuses. Through the Mentor Teachers the school sites were able to more effectively intervention

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Overall the maintenance of the instructional minutes increase provides students with an increased service of teacher contact time. This continued this year and allowed for additional instructional time. Furthermore the addition of mentor teachers allowed students to receive intervention through a systematic process, a process not available previously, again an increase in services. These actions helped to provide a slight increase in overall SBAC Math & ELA achievement. These actions also ensured that all students had board approved curriculum and access to all appropriate courses regardless of student group.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Both actions 2.1 & 2.4 show significant cost savings. These cost savings were shifted action 3.5. This shift reflected the need to purchase additional technology to most appropriately support the coursework and curriculum being implemented across the district. Additionally items purchased through 3.5 included electronic curriculum and therefore were coded to that action instead. These shifts resulted in a digital curriculum that not only supports student success but further supports the printed curriculum and allow teachers more opportunities to explore concepts and practices. The overall intent of the actions and services between all of the goals remained the same.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

As a result of the analysis, the changes that will be made in the 2017-2018 LCAP Year 1 will reflect a better distribution of the funds to more appropriately align with the correct actions based upon expenditures made in 2016-2017. In addition due to input from the staff a supplemental curriculum adoption will be taking place to better support the needs of students from all student groups.

ANALYSIS

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed.

Use actual annual measurable outcome data, including performance data from the LCFE Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The services and actions for Goal 3 were implemented. During the 2016-2017 school year the district was able to implement 1:1 across all grade levels sooner than anticipated. Capturing Kids Hearts trainings continue to be provided to stakeholders to ensure that everyone is creating an environment that is safe and welcoming environment. Additionally all staff received professional development throughout the school year.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Through the implementation of these actions and services the district has been able to almost completely become a 1:1 district, and will be by the completion of the 2016-2017 school year. In addition to this these actions have provided staff training to create better learning environments and push their students further.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

As a result of the saving ins in actions 2.1 & 2.4 expenditures in action 3.5 were increased. This shift reflected the need to purchase additional technology to most appropriately support the coursework and curriculum being implemented across the district. Additionally items purchased through 3.5 included electronic curriculum and therefore were coded to that action instead. These shifts resulted in a digital curriculum that not only supports student success but further supports the printed curriculum and allow teachers more opportunities to explore concepts and practices. The overall intent of the actions and services between all of the goals remained the same.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFE Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

As a result of the analysis, the changes that will be made in the 2017-2018 LCAP Year 1 will reflect a better distribution of the funds to more appropriately align with the correct action based upon expenditures made in 2016-2017.

Stakeholder Engagement

LCAP Year 2017–18 2018–19 2019–20

INVOLVEMENT PROCESS FOR LCAP AND ANNUAL UPDATE

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

The LCAP annual review and analysis included a number of different stakeholders. Specifically the district held LCAP community meetings 4 times throughout the 2016-2017 school year (9/29/2016, 12/6/16, 3/9/17, & 5/25/17) in both English and Spanish. Invitations to these meetings were extended to all of the following groups: Parents, Parent Advisory Committees, ELACs, SSCs, students, Staff (certificated, classified, and management), Board Members, Business Owners/Community Members, and a representative for each of the bargaining units. During each of these meetings a variety of data and metrics were presented to the audience members. These metrics provided those in attendance the opportunity to view progress on all areas. In addition to this it gave the community members the opportunity to ask questions and provide feedback as to how the implementation was progressing. In addition to these meetings each of the stakeholder groups had the opportunity to complete a survey so that those who were unable to attend in person were still able to provide and feedback. In addition to these meeting dates the information contained within the LCAP (metrics, expenditures, progress, etc) was presented and discussed at the following public regular Board Meetings: 8/1/16, 8/15/16, 9/6/16, 9/19/16, 10/3/16, 10/17/16, 11/7/16, 2/6/17, 3/6/17, 4/3/17, 5/1/17, 6/5/17, and 6/19/17.

IMPACT ON LCAP AND ANNUAL UPDATE

How did these consultations impact the LCAP for the upcoming year?

During the community meetings individuals present had the opportunity to hear about the many things going on in the district funded through the supplemental and concentration dollars. These valuable conversations provided district staff with valuable feedback about areas that stakeholders felt were being addressed but also demonstrated areas that could use further improvement. In addition to the feedback received at the in person meetings the district also received large amounts of feedback through the survey process. As mentioned above all stakeholder groups (Parents, Parent Advisory Committees, ELACs, SSCs, students, Staff (certificated, classified, and management), Board Members, Business Owners/Community Members, and a representative for each of the bargaining units) had the opportunity to complete a survey and provide valuable insight into how the district can continue to better meet the needs of all students across the district. Based upon the information received through both the meetings and surveys the district has made the following changes for the upcoming year:

Increase parent and community access to materials and information (Action 1.3 increased over previous year)

Reduction in funds for in school suspension due to decreased inappropriate behaviors through implementation of Capturing Kids Hearts (Action 1.5 Decreased)

Increase access to high quality materials in a broad course of study (Action 2.1 increase over previous year)

Additionally some small other shifts occurred across actions to better reflect the district's progress towards each of its goals.

LOCAL Our board of trustees goals continue to focus on people, programs and professional development with a particular emphasis on student intervention at the earliest possible opportunity.

Identified Need

A continued focus on strengthening relationships with stakeholders (i.e. parents and business owners), hiring qualified staff, maintaining teacher support, and ensuring necessary support for all students. During the 13-14 school year, 20% our highly qualified (not new to the profession) teachers left for higher paying jobs at neighboring districts. As a result of a concentrated effort to close the gap in salary schedules compared to neighboring districts this attrition has been dramatically reduced. Student Attendance Rate: 96.8% (16-17 Data) Chronic Absenteeism Rate: 5.8% (16-17 Data) Middle School Dropout Rate: 0% (15-16 Data) Suspension Rate: 3.0% (16-17 Data) Expulsion Rate: 3.0% (16-17 Data) Teachers appropriately placed: 100% (16-17 Data) Including parents of unduplicated pupils and exceptional needs pupils: All parents were invited due to our high percentage of unduplicated count to both school and district events (math nights, parent nights, back to school, LCAP, etc), no baseline numbers were taken for these specific groups.

Goal 2

Goal 2- BSD will provide a child centered education focused on student learning

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8
 COE 9 10
 LOCAL Burton supports:

- Student learning
- Instructional Technology
- Common Core state standards integrated with visual and performing arts, foreign language and technology
- Provides safe and clean campuses accessible to the community
- Professional Development

Identified Need

At-risk subgroups (Special education, ELL populations and SES populations) are scoring below other subgroups in the district on state and local assessments. There is a need to close the achievement gap and offer intervention for struggling students. The closing of the achievement gap will take place by offering a broad course of study for all student subgroups (Special education, ELL populations and SES populations). Student performance: SBAC ELA: 36% At or Exceeding (15-16 estimate) SBAC Math: 21% At or Exceeding (15-16 estimate)

Goal 3

Goal 3-BSD will provide professional development and training with continued support to prepare students to be college and world ready

State and/or Local Priorities Addressed by this goal:

STATE 1 2 3 4 5 6 7 8
 COE 9 10
 LOCAL Burton will provide professional development with continued support to ensure full implementation.

Identified Need

Professional development must be supported with coaching to implementation as part of our plan to support teachers and staff in the classroom. As we implement state standards, new curriculum, technology, and assessments, it is necessary to maintain certificated support staff for effective classroom instruction.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year

2017–18 2018–19 2019–20

Estimated Supplemental and Concentration Grant Funds:

\$2,624,516

Percentage to Increase or Improve Services:

17.82%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds ([see instructions](#)).

The details of these expenditures are itemized in the Actions and Services part of this plan and include a contract with the English Language Group, an English Language Coordinator, professional development, technology upgrades and implementation to better serve our targeted student population. Since our unduplicated student population count is 67.70%, and our charter schools develop their own LCAP, all of these actions and services are being performed on a district-wide basis. All actions and expenditures of Supplemental and Concentration funds were taken with the needs of our unduplicated population in mind based on careful analysis of data and input from our stakeholders. Given that the charter has a significant number of our student population is in the unduplicated category the most efficient delivery of services is a district-wide implementation. Through the collective stakeholder conversations, comparative data analysis uncovered an unusually high number of inexperienced teachers in an intern capacity. The district's budget analysis reflects a decrease in expenditures for personnel from 92% in 2013-14 to 84% of the 2014-15 budget. This drop is attributed to teacher salaries for inexperienced teachers as opposed to high salaries for veteran teachers. Through further investigation over the past three years, an alarming number of teachers left the district for higher paying jobs with a neighboring district attracted by their larger salary schedule as evidenced by the need to hire nearly 20% of the teaching staff for the 2014-15 school year. With an increase in funding that took place in 2015-16, districts are hiring additional teachers for class size reduction, instructional coaches, other support staff and administration thus increasing the number of teachers leaving the district for higher paying jobs. Supplemental and concentration grants are provided to support fragile learners in specific subgroups. Research provides evidence that effective initial instruction is the highest correlation for improving student achievement. Through good faith bargaining, it is the district's intent to increase the number of professional development offerings for instructional staff. With little money for teacher raises over the past ten years, competition for talented teachers is skyrocketing and the district with the most financial gain wins the battle. Burton's LCAP stakeholders believe that competing salary schedules will better serve all subgroups in the district. Burton's bargaining units were successful in salary schedule increases in 15-16 to be more competitive with neighboring districts. However, salary increases will need to be maintained and/or increased to remain competitive and increase staff retention. With an ongoing additional fifteen minutes of instruction added to the instructional day last year to support the use of supplemental and concentration grants, stakeholders believe teachers demonstrate a level of commitment to all students. The district's LCAP reflects many additional supports specifically for identified subgroups.

Using the calculation tool provided by the state, Burton District has calculated that it will receive \$5,288,211 in Supplemental and Concentration funding under the Local Control Funding Formula (LCFF). In addition using the same calculation tool the proportionality percentage has been calculated at 17.82%. Burton has demonstrated the district is meeting its minimum proportionality requirement by expenditure of the total 2017-18 supplemental and concentration grant funding for qualifying purposes. To improve instruction for English Learners, teachers and administrators participate in professional development and coaching is provided by the English Learner Group. These services provide educators with research-based strategies to increase student achievement of our English Learners. Additionally, an English Language Development Coordinator provides assistance and resources to site administrators and teachers to enhance the site English Language Development services. Particular emphasis is placed on identifying other designated and integrated services for English Learners. Both SES and EL subgroups benefit from the continuation of Capturing Kids Hearts (CKH). Through CKH adults work to develop caring relationships with every child. These relationships serve to support early identification and resources for family issues, medical issues and academic concerns. Additionally a school counselor was added to support both subgroups at the middle school with these same concerns. Both subgroups benefit from additional technology and intervention programs as supplemental to classroom instruction (ST Math, Lexia, etc.). Professional development (ELD, Kagan, Fetzer, Number Talks, WMP/WMV, etc.) continues to prepare teachers with research based strategies to improve student achievement. Both SES and EL subgroups receive support through supplemental programs in addition to classroom instruction. An intervention specialist was hired to work with site administration to support intervention for struggling students. The design of the intervention is site specific based on student need and include a progress monitoring component. These services may be in the forming of a pullout service during the instructional day or supplemental services after school.

Local Control and Accountability Plan and Annual Update Template Instructions

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, mark the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the LCFF Evaluation Rubrics data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to LCFF Evaluation Rubrics means the evaluation rubrics adopted by the State Board of Education under *EC* Section 52064.5.

Budget Summary

The LEA must complete the LCAP Budget Summary table as follows:

- **Total LEA General Fund Budget Expenditures for the LCAP Year:** This amount is the LEA's total budgeted General Fund expenditures for the LCAP year. The LCAP year means the fiscal year for which an LCAP is adopted or updated by July 1. The General Fund is the main operating fund of the LEA and accounts for all activities not accounted for in another fund. All activities are reported in the General Fund unless there is a compelling reason to account for an activity in another fund. For further information please refer to the *California School Accounting Manual* (<http://www.cde.ca.gov/fg/ac/sa/>). (Note: For some charter schools that follow governmental fund accounting, this amount is the total budgeted expenditures in the Charter Schools Special Revenue Fund. For charter schools that follow the not-for-profit accounting model, this amount is total budgeted expenses, such as those budgeted in the Charter Schools Enterprise Fund.)
- **Total Funds Budgeted for Planned Actions/Services to Meet the Goals in the LCAP for the LCAP Year:** This amount is the total of the budgeted expenditures associated with the actions/services included for the LCAP year from all sources of funds, as reflected in the LCAP. To the extent actions/services and/or expenditures are listed in the LCAP under more than one goal, the expenditures should be counted only once.
- **Description of any use(s) of the General Fund Budget Expenditures specified above for the LCAP year not included in the LCAP:** Briefly describe expenditures included in total General Fund Expenditures that are not included in the total funds budgeted for planned actions/services for the LCAP year. (Note: The total funds budgeted for planned actions/services may include funds other than general fund expenditures.)

- **Total Projected LCFF Revenues for LCAP Year:** This amount is the total amount of LCFF funding the LEA estimates it will receive pursuant to *EC* sections 42238.02 (for school districts and charter schools) and 2574 (for county offices of education), as implemented by *EC* sections 42238.03 and 2575 for the LCAP year respectively.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the LCFF Evaluation Rubrics, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, mark the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, mark the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local

bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the LCFF Evaluation Rubrics, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section "For Actions/Services not contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by checking “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is checked, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA’s overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see [Demonstration of Increased or Improved Services for Unduplicated Students](#) section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify scope of service by indicating “LEA-wide”, “Schoolwide”, or “Limited to Unduplicated Student Group(s)”. The LEA must select one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, place a check mark next to “LEA-wide.”
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, place a check mark next to “schoolwide”.
- If the action/service being funded and provided is limited to the unduplicated students identified in “Students to be Served”, place a check mark next to “Limited to Student Groups”.

For charter schools and single-school school districts, “LEA-wide” and “Schoolwide” may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use “LEA-wide” to refer to all schools under the charter and use “Schoolwide” to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use “LEA-wide” or “Schoolwide” provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate “All Schools”. If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must mark “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by selecting “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either

would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Check “New” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Check “Modified” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Check “Unchanged” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may check “Unchanged” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the “Demonstration of Increased or Improved Services for Unduplicated Students” table and mark the appropriate LCAP year. Using the copy of the table, complete the table as required for the current year LCAP. Retain all prior year tables for this section for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

- A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
- C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

- A. The implementation of state board adopted academic content and performance standards for all students, which are:
 - a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
 - b. Mathematics – CCSS for Mathematics
 - c. English Language Development (ELD)
 - d. Career Technical Education
 - e. Health Education Content Standards
 - f. History-Social Science
 - g. Model School Library Standards
 - h. Physical Education Model Content Standards
 - i. Next Generation Science Standards
 - j. Visual and Performing Arts
 - k. World Language; and
- B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

- A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
- B. How the school district will promote parental participation in programs for unduplicated pupils; and
- C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

- A. Statewide assessments;
- B. The Academic Performance Index;
- C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
- D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);
- E. The English learner reclassification rate;
- F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
- G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

- A. School attendance rates;
- B. Chronic absenteeism rates;
- C. Middle school dropout rates;
- D. High school dropout rates; and
- E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

- A. Pupil suspension rates;
- B. Pupil expulsion rates; and
- C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

- A. S broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
- B. Programs and services developed and provided to unduplicated pupils; and
- C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

- A. Working with the county child welfare agency to minimize changes in school placement
- B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster

children, including educational status and progress information that is required to be included in court reports;

- C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
- D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

- A. Local priority goals; and
- B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

- (a) “Chronic absenteeism rate” shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (b) “Middle School dropout rate” shall be calculated as set forth in 5 *CCR* Section 1039.1.
- (c) “High school dropout rate” shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) “High school graduation rate” shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (e) “Suspension rate” shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (f) “Expulsion rate” shall be calculated as follows:
 - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
