Annual SCICON Barbecue set for April 13

The 54th annual SCICON Barbecue and Wildflower Festival will be held Sunday, April 13. The event is an opportunity for families and individuals of all ages to tour and enjoy the SCICON campus. The festivities will begin at 11:00 a.m. and last until 4:00 p.m. The SCICON staff will be on hand to lead wildflower walks and nature hikes. The SCICON planetarium, observatory and newly expanded museum of natural history will be open all day, and wildlife shows will be presented in the SCICON raptor center. Entertainment will be continuous throughout the day. All visitors will receive a commemorative wildflower poster by local Springville artist, Frances Pyles. This year’s poster featuring the beautiful “Fairy Lantern” is suitable for framing.
