Tulare County Office of Education Announces:

National History Day – Tulare County

March 8, 8:00 a.m. – 3:00 p.m.

TCOE Administration Building, 6200 S. Mooney Blvd., Visalia

The annual National History Day – Tulare County event will be held Tuesday, March 8 from 8:00 a.m. to 3:00 p.m. at the Tulare County Office of Education administration building, 6200 S. Mooney Blvd. in Visalia. The public is welcome to attend. This year, elementary, middle and high school students from 14 Tulare County schools will bring 79 projects to the competition.

National History Day is a theme-based research program that showcases original presentations by students in grades 4-12 pertaining to historical issues, ideas, people and events. Students may choose any topic in local, national or world history and explore its significance relative to the annual theme, which for 2016 is *Exploration, Encounter, Exchange in History*.

Students compete in three grade categories: 4-5, 6-8 and 9-12. Students in grades 4-5 compete in the two-dimensional category only. Students in the two upper-grade categories present findings through

one of the following categories: historical paper, exhibit, performance, documentary or historical website. Except for the historical paper category, students may collaborate in groups of up to five students, or they may work individually. At the event, presentations are evaluated by local historians and educators who look for a balance of perspectives in the project.

National History Day – Tulare County provides students with special learning experiences that extend beyond the projects they have prepared. This year, retired Lieutenant Colonel Linda Martin Phillips will speak to students about her experience as one of the United States Air Force’s first female pilots. Students will also have opportunities to enjoy eight hands-on workstations with activities that include video production, building a compass or a flashlight, solving puzzles and creating origami shapes.

During the presentation of awards, event coordinator Gay Atmajian will also announce the winners of scholarships to support the students as they move to the state competition May 6-7 at William Jessup University in Rocklin, California.

“Students involved in History Day do a phenomenal job of preparing for the competition,” said County Superintendent of Schools Jim Vidak. “Each year, they produce awesome videos, exhibits, reenactments and websites on important aspects of local, state, national or world history.”
