Visalia – Tulare County middle and elementary school teams are scheduled to compete in the annual Reading Revolution event May 16 and 24. The **upper elementary school competition** (open to students in grades 4-6) is scheduled for **Thursday, May 16** and has a total of 23 teams participating in two separate, back-to-back events. The **middle school competition** (open to students in grades 7-8) is scheduled for **Friday, May 24** and has a total of 16 teams participating.

Students in each competition category prepare months ahead by reading from the same core list of book titles. The book title list was made available to students in the fall. Reading Revolution is a fun competition designed to promote literacy and the joy of reading for students in grades 4-8, regardless of their abilities. The goal of the event is for students to experience a variety of quality literature and nonfiction, while increasing reading comprehension and promoting collaboration and teamwork.
