This training will help districts comply with California Education Code sections 51930-51936 regarding professional development in HIV/STD instruction as evaluated by CPM.

PURPOSE: This workshop will increase the knowledge and awareness to model the appropriate content and sensitive delivery of the Positive Prevention HIV/STD curriculum. This workshop will also include some discussion for Special Education teachers who work with grades 7-12 students. Special Populations HIV Curriculum will also be available. Positive Prevention Curriculum will specifically meet the Education Code requirements for HIV prevention education with fully-scripted and teacher-friendly lessons that are created for students.

TOPICS:
- Curriculum Overview for Positive Prevention
- An HIV Curriculum for California Youth Grades 7-12, Middle School Level A; High School Level B
- Critical Components of Effective HIV Prevention Education Program
- People Living with HIV as Presenters in the classroom
- Strategies for Parental Involvement
