INVEST IN THE NEXT GENERATION

Inspire New Career Pathways

Trades Day introduces high schoolers to industry career opportunities in construction, design, sub-contracting, heavy equipment, engineering, and other skilled trades.

Empower Youth to Pursue

We hope you--our partners from the trades, industry, training and post-secondary programs, and others--will join us to inspire local students to pursue careers in construction.

Bring a hands-on activity for students to explore all the industry has to offer; teach them how to swing a hammer, try their hand at mixing cement, scale a wall for roofing, or throw on some PPE and get them welding. Anything to get their hands and minds moving! Take part in an exciting opportunity to pass along what excites you about your profession.
