

# CTE for Administrators

**June 12, 2025  
9:00 a.m. - 3:00 p.m.**

The professional learning session for school administrators on Career Technical Education (CTE) focuses on equipping them with comprehensive knowledge and strategies to support CTE programs effectively. Administrators learn about the benefits of CTE in preparing students for college and career readiness, aligning with school goals to enhance graduation rates and promote career readiness. They explore funding strategies, including grants and partnerships, to support CTE initiatives, and discuss curriculum development to integrate academic and technical skills. Engagement with industry partners is highlighted for enriching program quality and facilitating career connections. The workshop also covers data-driven decision-making, professional development for educators, and compliance with CTE-related policies to ensure sustained program success and community relevance.
