Join us for an enlightening event designed to empower new educators in Career Technical Education (CTE). Gain a foundational understanding of CTE in California, discover valuable resources for planning and incorporating engaging activities into your courses, and learn about the *12 Essential Elements of a High-Quality College and Career Pathway*.

This event is intended for teachers who are new to CTE. You may be a first year CTE teacher, a veteran educator who recently made the switch to teaching a CTE course, or someone in your first 1 to 3 years of teaching CTE who has not attended this training before. If that sounds like you, we hope you will join us.
