ARTS + SEL 1.0

Did You Know?

Visual and performing arts integrated lessons can support the academic, social, and emotional learning needs of every child.

What is ARTS + SEL?

Aligned to California's Arts Standards and the CASEL Social and Emotional Learning Core Competencies, ARTS + SEL helps educators discover how to utilize the visual and performing arts as a tool for promoting **student health and wellness** and for improving **school climate and culture**.

Designed for educators of all grade levels, this interactive full-day professional learning session highlights a wide range of **hands-on activities** and **research-based strategies** to engage learners of all ages and all abilities. Participants will walk away with tools and resources they can use immediately to integrate the arts into their classrooms to impact student creativity, self-awareness, self-expression, decision making, and positive relationships.
