ARTIFICIAL INTELLIGENCE
A GUIDE FOR USAGE WITH STUDENTS IN YOUR CLASSROOM

Spend the day exploring AI tools that align with COPPA and FERPA regulations while discovering innovative strategies for integrating them into your teaching practice. This hands-on session equips educators with resources to build students' AI literacy, empowering them to use AI ethically, responsibly, and productively in the classroom and beyond.

OBJECTIVES

- Explore AI tools like MagicSchool, SchoolAI, Perplexity, Adobe Express, and Canva to enhance classroom instruction.
- Develop activities and lesson plans integrating AI tools to foster critical thinking, collaboration, and problem-solving skills.
- Gain practical insights into building students' AI literacy and understanding its impact on their future academic and professional lives.

DELIVERABLES

- Materials created with COPPA- and FERPA-compliant AI tools.
- AI-integrated lesson plans or classroom activities.
- Resources and strategies to teach ethical AI use and build student AI literacy.
