ARTIFICIAL INTELLIGENCE: AN EDUCATOR'S GUIDE TO PROMPT ENGINEERING

Join our hands-on workshop to enhance your teaching by integrating artificial intelligence into your craft. Learn to adapt your curriculum for diverse learners, engage in prompt engineering challenges, and analyze standards to create an expanded bank of customized materials. Transform your instructional practices with innovative AI tools to improve student effectiveness and engagement.

OBJECTIVES

- Learn to integrate artificial intelligence to adapt curriculum for diverse learners.
- Practice prompt engineering to expand your resource bank with high-quality materials.
- Utilize AI tools to generate tasks and activities to provide further support to English learners
- Explore innovative AI tools to enhance teaching effectiveness and student engagement.

DELIVERABLES

- A diverse collection of AI-generated, customized curriculum resources tailored to meet the needs of all learners.
- Practical experience with prompt engineering to create high-quality, reusable classroom materials.
- Strategies and tools for efficiently aligning instructional content with standards to improve student engagement and learning outcomes.
