ARTIFICIAL INTELLIGENCE & EDTECH
LESSON DESIGN INSTITUTE

Join our one-day workshop to enhance your teaching materials with artificial intelligence and edtech. Bring your assessments and curriculum to create student-centered lessons that empower learners and adapt assessments into a more extensive resource bank. You'll receive expert coaching and hands-on support, leaving with AI-driven strategies to prepare students for success in critical assessments and beyond.

OBJECTIVES

- Adapt existing assessments into a comprehensive, year-round resource bank.
- Use AI and edtech tools to design student-centered lessons that engage and empower all learners.
- Develop strategies to maximize the potential of current curriculum materials.
- Gain hands-on experience with AI and edtech platforms to enhance preparation for critical assessments.

DELIVERABLES

- A collection of adapted assessments and resources to support year-round student preparation.
- AI and edtech-designed, student-centered lessons tailored to diverse learner needs.
- Practical knowledge of AI and edtech tools to enhance curriculum and assessment strategies.
