Leading School Improvement with English Learners at the Heart

This one-day workshop provides administrators with the opportunity to assess strengths and areas needing improvement in their English learner (EL) systems. Using the Federal Program Monitoring (FPM) EL Instrument Reflection Tool, leaders will identify gaps and successes in assessment, accountability, professional development, instruction, and learning related to EL education. This serves as a diagnostic for a targeted approach to implementing the EL Roadmap.

Diagnostic Approach:

- Assess and address specific areas needing improvement within their EL systems.
- Utilize a targeted approach to implementing the EL Roadmap.

EL Roadmap Exploration:

- Delve into the EL Roadmap policy and its principles.
- Gain insights into effective EL program implementation through readings, dialogue strategies, and observation tools

Designed for district-level representatives overseeing EL programs and site-level leadership. Attendees will receive The EL Roadmap Administrators Toolkit (volumes 1-5) for effective leadership in research-based, assets-oriented EL programs.
