Leveraging Artificial Intelligence to Support the ELPAC (Grades K-12)

This two-day workshop will provide educators with practical strategies, tools, and tips for developing a comprehensive bank of resources aligned to the English Language Proficiency Assessments for California (ELPAC). Participants will have the opportunity to collaborate with peers in similar grade levels or spans, fostering a supportive learning environment.

Throughout the workshop, attendees will engage in hands-on activities, allowing ample time to practice the skills and strategies learned. By the end of the workshop, participants will be equipped to effectively use edtech and artificial intelligence tools to create engaging, ELPAC-aligned tasks that meet the diverse language learning needs of their students.

Workshop Objectives

- **Develop a comprehensive bank of resources:** Aligned to the English Language Proficiency Assessments for California (ELPAC).
- **Collaborate with peers:** Foster a supportive learning environment with educators from similar grade levels or spans.
- **Engage in hands-on activities:** Practice the skills and strategies learned throughout the workshop.
- **Effectively use edtech and AI tools:** Create engaging, ELPAC-aligned tasks that meet the diverse language learning needs of students.
