Using ELD Strategies to Support the ELPAC

In this two-part series, participants will explore strategies that they can use to enhance their designated ELD instruction to support student success in the classroom as well as on the ELPAC. During Session 1, multiple strategies will be introduced along with a planning structure for designated ELD. Participants will take those strategies and integrate them into their instruction. During Session 2, participants will share their experiences with the strategies, learn additional strategies, and collaborate with their peers to plan effective designated ELD lessons.
