Engaging Math Centers for the K-2 Classrooms

Explore hands-on center activities that can be used with your curriculum to support student understanding and promote meaningful practice. These centers provide opportunities for students to explore mathematical ideas, build number sense, and develop fluency.

Learning Outcomes

- **Hands-on Experience:** Select and experience low-prep, grade-appropriate centers
- **Differentiation:** Learn strategies to support diverse learners during center time
- **Implementation Plan:** Create a plan to integrate centers into your math instruction
- **Organizational Tips:** Discuss strategies to keep your classroom running smoothly
- **Bonus: Make-and-Take** a center to use immediately with your students!
