Avante Behavioral Health Plan

Avante Behavioral Health Plan (ABHP) is a Fresno-based behavioral health plan offering Employee Assistance Programs, mental health and substance abuse services. *ABHP* understands the needs of employees and family members that face stresses on a daily basis, large or seemingly small. *ABHP* provides services for individuals that may need on-going assistance in dealing with certain stressors.

Purpose of the Employee Assistance Program

An *Employee Assistance Program (EAP)* is designed to help employees and their families identify, assess and resolve issues that may be affecting their personal life and/or their job performance. The *EAP* is available to the employee and all eligible family members. The program allows for up to five (5) individual counseling sessions per year at *no cost to the employee*.

Counseling Services - EAP

(5 sessions per person, per issue, per year)

The *Employee Assistance Program* provides immediate, short-term assistance for employees and their family members facing a variety of issues. We are here to support you through the emotional crisis and stressors to maintain a happy, healthy lifestyle.

Work/Life Services

In addition to EAP counseling services, Avante Behavioral Health provides both employers and members with other valuable resources.

Financial Services

Up to (5) 30-minute consultations per separate matter.

Additional financial services provided at a 25% discount from usual hourly rates.

For financial advice or assistance, ABHP offers employees and family members 30-minute consultations per separate matter and discounts off of additional services thereafter. ABHP's Website also features a variety of resources including legal forms, financial calculators, and topical articles.

Accessing EAP Services

To access services, simply call ABHP when you or a family member needs services. An ABHP clinician will conduct a brief interview via telephone to determine which services are needed and in the case of counseling services, make a referral to an appropriate clinician. Counseling appointments are arranged within one to five days, depending on the nature and urgency of the request.
