10 Month Employees (Currently scheduled to work August - May; Receiving 10 equal checks)

_____ Deferred Pay - Twelve (12) monthly payments beginning the last work day of August, and ending the last work day of July following the end of the fiscal year. The June and July payments will be based on a monthly pay deferment of 1/6th of my gross taxable earnings (exclusive of overtime) for the months of August through May. I will receive 2 of this deferment at the end of June and the balance at the end of July. If participation in the deferred pay process begins after the August payroll, correspondingly smaller payments will be received for June and July. Please note that your June and July pay will not have taxes withheld as the taxes were paid (August - May).
