

## TK Sensational Summer Sessions

Ready to take the plunge into summer fun? Join us for one or two days of fun-filled TK learning and earn a stipend. Each day will be packed with “hands-on” learning and new ideas to support the best approaches for staff and student success!

### Make it Count: Inspiring Early Math

Support students in becoming confident math learners! In this session, explore ways to incorporate play into your math instruction through literature, games, and center activities. Teachers will gain a deeper understanding of the Learning Foundations and investigate early math learning progressions.

### First Six Weeks of TK

Do you feel excited to rush through teaching routines at the beginning of the year? In this session, explore age-appropriate behavior management systems, and create and support routines for independence while establishing a classroom community of young learners. Teachers will create their own blueprint for success in the critical first six weeks of TK.

#### Register and choose to attend:

**One** full day of learning- receive a \$250 stipend.

**Two** full days of learning-receive a \$500 stipend plus a bonus bag of classroom materials.

**All** sessions are 8:30-3:30 p.m. and include resources, lunch, and much more!

#### All Sensational Sessions:

7000 W. Doe Ave.  
Visalia, CA 93292  
Elderwood Room
